RESPONSE TO NOTICE OF DRAFTSPERSON'S DRAWING REVIEW

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

This is in response to a Notice of Draftsperson's Drawing Review attached to the Notice of Allowance dated December 13, 2004 in this application.

The Draftsperson's Notice states "There are new figures without fig. labels and new figs. 4 & 5 are not the same as drawing originally filed". Applicant believes a misunderstanding has occurred regarding the figures enclosed with applicant's response filed on October 28, 2004 (the October Response).

Applicants submitted Replacement Figures 9A, 9B and 9C with the October Response in reply to the Patent Drawing Review enclosed with the September 2, 2004 Office Action. The Patent Drawing Review objected to Figures 9A, 9B and 9C for having unacceptable margins and labeling. The Replacement Figures with corrected margins and labels are identified on page 3 and page 20 of the October Response and contained the identifier "Replacement Sheet" placed in the top margin.

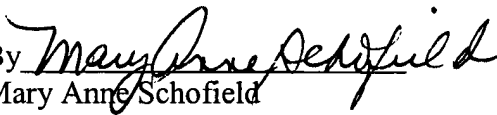

The October Response discussed additional figures, which were included as Tabs A, B, C, D, E and F. The additional figures associated with Tabs A-F relate to the October Response

but do not form part of the application and applicants are not requesting that they be made part of the application.

For the convenience of the Examiner, enclosed are copies of the Replacement Figures 9A, 9B and 9C which were enclosed with the October 28, 2004 Response. Applicants respectfully request that original Figures 9A, 9B and 9C be replaced with Replacement Figures 9A, 9B and 9C.

Dated: December 27, 2004

Respectfully submitted,

By 
Mary Anne Schofield
